

PUBLIC WORKS DEPARTMENT
IMPORTANT 10-DAY NOTICE

NEWPORT HEIGHTS SEWER IMPROVEMENTS
Contract No. 7028-2

Dear Resident:

The City has awarded a contract to MIKE PRLICH & SONS, INC (MPS) for the above referenced project. This project consists of replacing all sewer laterals, installing sewer clean-outs, sewer main repairs, and incidental items of work as required by the contract documents.

The Contractor is allowed 80 working days to complete the entire project.

The Contractor is scheduled to start work on July 25, 2016 and finish in November 2016. If inclement weather is encountered the Contractor is allowed additional working days to complete the project. You will be re-notified if such delay occurs.

You will be notified again 48 hours in advance of any construction adjacent to your property. Normal working hours are limited to 7:00AM to 4:30PM, Monday through Friday.

Traffic restriction at and adjacent to the work locations may be required on days that work is to be performed. "No Parking, Tow-Away" signs will be posted warning that vehicles parked within the construction area will be towed away on work days. We request that you observe these restrictions and any other traffic controls in the area.

Exercise caution when driving and/or walking through the construction zones. Additionally, heavy equipment and construction materials tend to attract the interest of small children. Please instruct children to stay clear of all construction activities to avoid the potential for

injury. Most importantly, notify us of any problems so that we can respond accordingly.

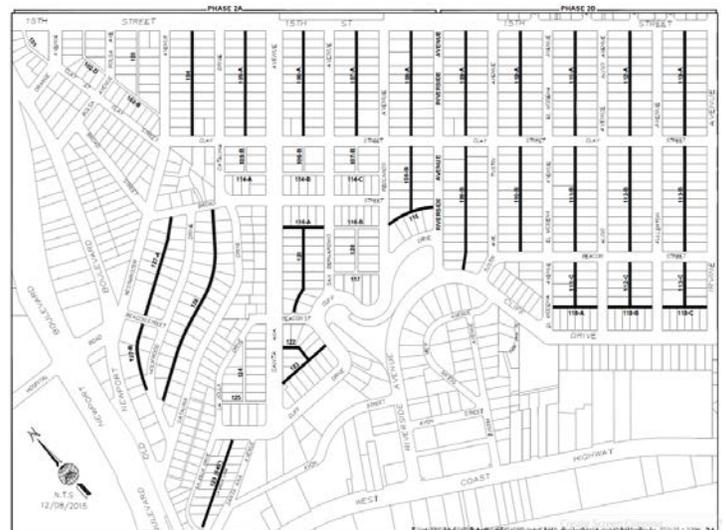

Your cooperation in making this project successful is greatly appreciated. Should you have any questions or concerns, please feel free to call:

- Frank Martin, PW Project Inspector (714) 520-1186
- Frank Tran, Project Manager (949) 644-3340
- Public Works Department (949) 644-3311
